### Welcome to the Browse Bazaar Affiliate Program!

We're happy to have you on board and excited for the opportunity to partner with you. This comprehensive guide is designed to walk you through every step of your affiliate journey, from registration to maximizing your earnings. In the following pages, you'll learn how to access your affiliate dashboard, generate your unique affiliate link, track your referrals, and much more.

We're committed to supporting you in every step of the way as you promote our products and grow your earnings.

To sign up as a new affiliate, you will need to submit your details, including your payment email, which will be used when withdrawing your earnings.

After you register, use the Login as Affiliate section to access your portal.

## **Your Dashboard**

Once logged in, you will land on your affiliate dashboard, where you can access various tools and resources. Navigate through the dashboard tabs to explore features such as reports, earnings, creatives, and settings.

## Accessing your affiliate link

To access your unique affiliate link, click on the "Affiliate Links" on the left side tab in your dashboard. You will find your affiliate link under "URL Generator".

Copy your affiliate link and use it to promote Browse Bazaar products and services on your social media channels, website, or other marketing channels.

## **Customize your affiliate link**

You can generate your unique affiliate links using the URL Generator tool in your dashboard.

To begin, insert the URL of the page or product you wish to promote into the 'URL Generator' section. The tool will then automatically generate a unique affiliate link for you to use in your marketing efforts.

## Commission

You will earn 2% commission on any sales made by your referrals.

#### Note:

- The referral expiration period lasts for 30 days following your referral's last click on your link. This means you will earn commissions on any sales made to your referral who returns and makes a purchase on Browse Bazaar website within 30 days of their last visit via your referral link.
  - For example, if Mr. Alex clicks on your referral link, visits the website, and buys any product or service, you earn a 2% commission. Your target audience should be wholesalers, retailers & online sellers in your city and country.
  - Even if Mr. Alex returns to the website and makes additional purchases within 30 days, you will still earn 2% commission. Be sure to follow up with your referrals and develop a close relationship.
- Commission is calculated based on the total order value excluding taxes, shipping, and returns.

### Lifetime commission:

Our program also offers lifetime commissions to our active affiliates. If you can hit the target and your referrals collectively purchase \$100,000 per month for 3 consecutive months, you will be eligible for lifetime commissions on all future purchases made by those referrals. This means you will continue to earn commissions on any purchases made by your referrals, regardless of when they occur. This is a unique business opportunity that we are offering to you.

## **Payouts**

You are eligible to receive payments once your earnings reach \$120 or more. We facilitate payments exclusively through PayPal, requiring all affiliates to have a valid PayPal account for seamless transactions.

You must ensure that the email address registered for your PayPal account is accurate and up-to-date to avoid any payment delays or issues.

It's the affiliate's responsibility to keep their PayPal email up-to-date.

### Coupons

From time to time, we provide exclusive discount coupons for you to share with your customers, enabling you to enhance your promotional efforts, drive engagement, and ultimately increase your earning potential. As a valued member of our affiliate program, you have the opportunity to access and distribute these coupons, effectively leveraging them to boost conversions and maximize your earnings.

Social media accounts with more than 20K active followers can email us at: info@browsebazaar.com for super exclusive coupons.

## **Creatives**

Join the <u>Browse Bazaar Affiliate Community</u> where we regularly share promotional materials such as videos, product photos, and marketing tips. These resources are designed to help you effectively increase your income during key seasons and events.

While we provide promotional materials, we also encourage you to use your creativity to create your own promotional materials and upload them to your dashboard. Personalizing your marketing assets can help you better connect with your audience and drive more conversions.

### **Store Credits**

Affiliates who achieve \$100,000 in sales within a three-month period will earn \$250 store credit, which can be redeemed towards purchasing products.

This incentive rewards your exceptional performance and offers you the opportunity to enjoy our diverse range of offerings as a token of appreciation for your hard work and dedication.

## **Writing Blogs**

Within the portal, you have the ability to write blogs inside Browse Bazaar's website. This unique feature allows you to create SEO friendly, informative and engaging content tailored to the audience.

Once published, these blogs can be shared on our websites and generate leads and income through your affiliate links.
